May 20, 2010

Dear Parents,

Saint Spyridon Nursery School will not be implementing a summer program this year. It is with much disappointment that I have reached this decision; however I am looking forward to the construction of our brand new classrooms which will be built over the summer months! The summer program will again be offered during the summer of 2011. Please check your mail in August for an open house invite, to help us celebrate the completion of our new classrooms. Please contact me with any questions or concerns.

With much thanks,

Jenn Ward, Director
